Date: November 2018 reviewed Nov 20
Review date: November 2021 (unless preceded by legislation)
Procedure available: Intranet/Website
Author: D Midson-Brown
Approved by: Executive

Car Parking Policy

1.0 Introduction

The College has a very generous level of car parking at all three campuses. With the increased number of students with cars, pressure on the available spaces has increased and a clear policy is required to ensure all members of the College fully understand parking restrictions.

2.0 Scope

This document states the College car parking policy for its sites. The policy applies to all road users including motorists, motor-cyclists and cyclists and all road users must comply with the current Road Traffic Act whilst on College owned or leased land. All members of the College, staff and visitors are required to comply with the Colleges regulations of which the College car parking policy forms part.

3.0 Policy Statement

The College does not guarantee parking facilities to any members of the College, staff, students or visitors to the College, unless they are driving a College-owned or College-leased vehicle. All spaces are on a first come first served basis. Vehicles may only be parked on the College premises when on official College business.

Users of the College car parks do so at their own risk and Buckinghamshire College Group cannot accept liability for accident, loss or damage to the vehicle (or to the contents of the vehicle) howsoever caused. Granting of permission to park by a College Security Officer does not constitute any admission of liability.

All members of the College and staff must display a current parking permit.

4.0 Parking Permits

The College operates a system of parking permits for Students, Staff and visitors. Parking permits allow quick and easy identification of vehicles and allow College staff to contact owners if required.

Parking permits are issued upon application via the on-line shop (a fee of £45.00 is charged for students*). The permit is only valid for the car it is issued for and is not transferable. The permit will contain details of the vehicle registration and ID number along with the valid date. **Please note all permits expire on or before the 31 August each year.**

It is the driver's responsibility to ensure the permit is displayed correctly in the front windscreen, where it should be fixed securely to the glass. It is not acceptable to place this permit on the dashboard or any other window of the vehicle.

Motorcyclists do not need to display a permit but are required to register their number plates with the Reception/Security desk access system.

The College reserves the right to withdraw and/or suspend a parking permit at any time through withdrawal from course or inappropriate/dangerous driving.

Anyone caught using a permit fraudulently will have the permit withdrawn immediately with disciplinary action being taken.

The College reserves the right to place advertising onto the permit.

4.1 Students

All students are entitled to apply for a parking permit. All vehicles parked on College ground must be road legal at all times and proof of vehicle registration, current MOT certificate may be requested before a permit is issued. Any student changing their vehicle must apply for a replacement permit. **This will be issued on surrender of the old permit** and, if requested, the new vehicle documentation should be produced.

4.2 Staff

All full and part-time College staff will be issued with a parking permit on completion of application through the on-line store. All vehicles parked on College ground must be road legal at all times and proof of vehicle registration, current MOT certificate and insurance may be requested before a permit is issued. Temporary staff will be issued with a temporary parking permit to cover the length of contract.

4.3 Visitors and Conference Visitors

Visitors car parking can be reserved in advance (minimum 24 hours notice) either by emailing Reception or through the College website. There are a maximum of 20 pre-bookable spaces available each day unless the College is holding a special event, details of visitor parking for such events will be available on each occasion.

4.4 Contractors

Contractors must report to Reception/Security on arrival at the College and will be asked to log their vehicle registrations and location on a daily basis unless exceptional circumstances apply. Contractors are normally required to park in the Visitors spaces unless this is not practical due to the location of the contractors work.

5.0 Leaving vehicle on College premises

Vehicles are permitted to remain parked in the car park overnight providing Security has been informed in advance. A permit must remain on display as the parking restrictions are in place 24 hours a day 7 days a week. You may be asked to move the vehicle to an alternative position. The vehicle will remain the responsibility of the owner/driver under these circumstances.

6.0 Charges

The College reserves the right to make charges for car parking and to increase these charges or implement charges in areas that are currently free of charge at any time with one (1) months notice.

7.0 Motor-cycles, bicycles and scooters (including electric scooters)

Motor-cycles - All members of the College may park motor-cycles on the College sites, provided they are parked in the motor-cycle bays in the front car park and are registered with the Reception/Security Office. Permits do not need to be displayed.

Bicycles/Scooter (including electric scooters) – Bicycles and scooters may be parked free of charge, provided they are parked in the cycle areas provided with adequate cycle locks applied.

The College reserves the right to chain or remove motor-cycles bicycles or scooters parked in breach of these requirements and owners may have to wait for release and pay a release fee of £10.00.

Bicycles and scooters will not permitted into the College buildings.

Please note all are parked at owners risk.

8.0 Parking for persons registered disabled

The College provides parking spaces marked disabled only. These are located in two areas at the Aylesbury Campus, one area at the Amersham campus and two areas at the Wycombe campus. These are located as close to the main entrance as possible. These may only be used by persons who are registered with the local authority as disabled and are blue badge holders. Temporary permission may be given at the discretion of the Human Resources Department to allow members of the College to use disabled only parking spaces for short or long term medical conditions. An application should be completed and forward to Human Resources for consideration. If approved, Human Resources will advise the Head of Estates and Health & Safety who will issue a temporary Disabled Parking badge. A permit should be clearly displayed along with the blue badge or temporary disabled badge.

9.0 Restricted Parking

No Student, member of staff or visitor is permitted to park in spaces marked for persons with a disability (unless displaying a blue badge), on double yellow lines, on grass verges, in spaces marked reserved, spaces for motor-cycles, double parked across other parked cars or any other area that may prove to be a hazard or is considered to be a hazard by the Head of Estates and Health & Safety. **Car Park rules are in place 24 hours a day 7 days a week.** Failure to comply with these regulations will result in a charge issued by the Car Park Management Company.

10.0 Safety

Please drive slowly (10mph maximum) and safely around the college site at all times. Anyone seen not driving with due care and attention whilst on site, will have their parking permit revoked. It is important to remember that pupils from adjoining schools, parents, babies and toddlers from the nursery along with our own staff, students and visitors will be using this car park.

11.0 Locking of the gates

The gates to the car parks are locked every night and weekends at times relevant to each campus. Vehicles left in this car park will be locked in if not removed by the advertised closing times and will not be released until the following morning opening time. The College reserves the right to lock these gates at any other time without notice. There is no public right of way through the Aylesbury or Wycombe campuses, with the exception of the marked footpath around the perimeter of the car park used by the pupils from Sir Henry Floyd School on the Aylesbury campus.

12.00 Car Park Management

The car park is managed by an external contractor. They monitor all areas of College parking and will issue Parking Charge Notices to any vehicle not adhering to the College parking restrictions.

Notices are on display throughout the car parks informing the vehicle drivers that permits must be on display, vehicles must be parked within a bay, students and staff are not permitted to park in the visitor parking or reserved parking areas.

The College is not able to void charges and appeals for any such charges should be made directly with the car park management company, details of how to do this are on the rear of the charge notice.

Checklist:

Impact on Students/Staff:

High – This Policy covers the criteria required to use the College car parks and the process that follows anyone not adhering to the procedures.

Impact on Diversity:

This policy applies to staff, students and visitors.

Impact on PREVENT:

N/A

Impact on Health & Safety:

High. This Policy gives control of who is allowed into the College car park and promotes a more secure environment for staff, students and visitors. It allows the College to prevent unwanted persons from using the free parking for other purposes other than attending College.

Impact on Data Protection/Freedom of Information:

Medium. Car registrations are retained for purposes of identifying owners of vehicles should they need to be contacted.

Link with Strategic Plan:

Quality – Enhance the working environment. It underpins the Mission Statement.

Communication/Consultation Plan:

All staff will need to be aware of this Policy. This is to be achieved by including a discussion on the impact of this Policy at all team meetings.

Process of review:

The Policy will be reviewed after 3 years.

Process of review of effectiveness:

The Policy will be reviewed after 3 years.

Legal authority:

none

Responsibility for maintaining this policy rests with:

Vice Principal Corporate Services
