Financial Support Policy and Procedure

1. Strategic Overview

Buckinghamshire College Group is committed to assisting students and ensuring that financial hardship is not a barrier to remain in education, particularly supporting those students who are most in need and economically or socially disadvantaged.

2. Scope of Policy

This document provides information on how to access the Financial Support funds provided to the college by the Government. The financial support is administered by the College to assist students who are experiencing financial hardship, to participate and to remain in education, particularly those who are disadvantaged and in need with course-associated costs such as travel, equipment and lunch. It includes the eligibility criteria and the application process.

There are various forms of financial support available:

1. 16-19 Vulnerable Learner Bursary
2. 16-19 Discretionary Bursary
3. 19+ Discretionary Learner Support (DLS)
4. 20+ Childcare
5. Advanced Learner Loans Bursary Fund
6. Free College Meals

3. The Policy

Financial support is subject to availability and is for enrolled students at Buckinghamshire College Group, on eligible courses, who meet the financial support eligibility criteria set out in section 5 of this policy. Individual students must demonstrate a need for financial support. However, students who are eligible for financial support are not automatically entitled to it and there is no guarantee of financial provision being made.

Whilst respecting an individual's right to confidentiality, the College also reserves the right to enquire into their financial circumstances to determine their actual need as required by the Government funding rules and guidance. This information is only exchanged on a need to know basis. All applicants for College Support Scheme support will be required to provide evidence of their financial need for support.

The methods of payment for agreed financial support are direct payment into a bank account via BACS or in exceptional circumstances cash. Direct payments are made to students, only if the student is found not to be responsible for their own finances can the payment be made to a third party i.e. parent/guardian. Wherever possible, as encouraged in the Government guidance, the College will seek to make payments in kind, rather than provide cash payments to students.

Financial support is linked to attendance, punctuality, behaviour and completion of learning aims in accordance with college policies and a failure to adhere to college expectations on any of these matters, will result in a review of financial support provision, and may result in reduced payments being made.

Buckinghamshire College Group will make information about financial support available during the year via the college website, in written material and throughout the application, enrolment and induction period. Applications can take up to 4 weeks to process, and there will be a high volume of applications made during the first few weeks of term. All applicants are therefore advised to ensure they submit their application and evidence as soon as possible after enrolment.
