

# WE HAVE THE BUCKS COLLEGE FACTOR

Welcome to Bucks College Group

# THE BUCKS COLLEGE FACTOR IS CHANGING THE FACE OF LEARNING

# LET'S BE SOCIAL! SEARCH BUCKS COLLEGE GROUP

# HELLO!

A Welcome from Karen Mitchell

Principal & Chief Executive

"Thank you for picking up our mini-prospectus. Inside you will find information on what it is like to be a student at Buckinghamshire College Group, along with details of our full-time programmes, a guide to applying online, information about funding and how we support our students.

Everything we do is geared to give you the best possible College experience and to enhance your future employment prospects. We have a dedicated Workzone team that focuses on industry work placements, which are an integral part of your study programme.

We believe this is vital to your development and gives you the best possible start when seeking employment, an apprenticeship or for securing a place at University. When you are ready to take your first steps into College life, come along to one of our campus open events (find our dates online), meet our highly qualified staff, see our brilliant facilities and learn how we can support and develop your skills through your educational journey.

We hope you will want to be part of Buckinghamshire College Group and we very much look forward to welcoming you."

## WHY CHOOSE BUCKS COLLEGE GROUP?

No matter what your background is, our mission is to transform lives through learning and help you achieve your full potential.

We operate from three main campuses in Aylesbury, Wycombe and Amersham, each of which has industry standard facilities in which you will learn and practice your skills, supported by technology that helps bring learning to life. What makes us special? The **Bucks College Factor** is our way of highlighting the exceptional links we have to key employers and industries. We have partnerships with Pinewood Studios based Creative Media Skills for our creative students and Chelsea Football Club for our Sports students. Our Health and Social Care students have become Nurse Cadets with the NHS, supporting our key workers at this difficult time. Full-time students will be encouraged to grow and flourish in an environment that is structured in a way you would not find at school. While part-time and 19+ students will find that we can open the door to higher education with a more affordable and convenient alternative to University.

We are also Buckinghamshire's biggest provider of Apprenticeships with work based learning opportunities in Business, Construction, Engineering, Healthcare and more.

# **CORONAVIRUS & LEARNING SAFETY**

Due to the ongoing COVID-19 pandemic, this coming year may be different from other years while we make sure that all our students and staff are able to work safely. We don't yet know what September 2021 will be like for our students but we do know we will make learning at College as safe as possible for everyone.

Right now, when you come onto the campuses, you will see many measures which are there to keep you safe. We have taken a number of steps for your safety including:

- 2m distance markings on entrance and around the building
- One-way or Give-way systems
- Hand sanitiser stations
- Perspex screening
- Classrooms arranged in rows for side to side or behind others to avoid face-to-face contact
- Staggered student starts, finishes, breaks, lunches
- Revised Housekeeping and cleaning arrangements
- Requirement to wear a face covering for visitors

We hope that with these measures in place, you'll feel safe and secure when visiting one our campuses this year.

For more information, including full details on our campus risk assessments and much more, visit:

#### buckscollegegroup.ac.uk/coronavirus

Over 40 hand sanitising stations have been placed in key areas all around the college.

We ask that you keep to the left hand side of all corridors and walkways to ensure you adhere to the two metre distancing recommendation.

Each of our campuses have been given a new and considered one-way system.

Face coverings are mandatory on campus grounds in all areas except classrooms.

Nublic Health England

#### **Aylesbury Campus**

Our Aylesbury campus is purpose-built with modern workshops and classrooms, designed to provide a contemporary workplace for students. The campus has specialist workshops for Construction, Technology and Motor Vehicle programmes and there are fully equipped commercial kitchens for Hospitality and Catering students. We have dedicated salons for Hairdressing and Beauty Therapy programmes and specially designed studios for Games Design and Digital Design and Fashion programmes. Our Life Skills Centre is designed to give young adults with high needs the best possible start in life. We also operate a refectory, restaurant, deli and a comprehensive student gym and sports hall.

#### Wycombe Campus

Wycombe is home to our Construction Skills Centre with over £7 million investment in recent years. New workshops for Carpentry and Motor Vehicle training sit alongside Brickwork, Plastering, Electrical and Plumbing spaces.

Sport students have use of a modern gym and a 3G football pitch built with support from the FA to their latest standards. The campus is home to the Future Life Centre, a purpose-built facility designed to help young adults with high needs integrate into society.

#### Amersham Campus

Amersham Campus benefits from large workshop spaces where Art and Design students can spread their creative wings.

The 120 seat Theatre on the Hill welcomes the community to watch our extremely talented Performing Arts students in action. Our TV, Film and Media students benefit from a Green Screen Studio, TV Studio, Edit Suites and Motion Capture equipment. Music students make use of rehearsal spaces, recording studios, project studios to develop and master their skills.

## FULL-TIME COURSES: THE STUDY PROGRAMME

All of our full-time students, aged 16-18, are enrolled onto our specially developed Study Programme. We are ambitious for you to succeed, so our study programme has been formulated to prepare you for the future. This means as well as studying your chosen course, you will also work on important skills to help equip you for your future career.

#### 1. Your Course

==[

We offer a range of educational choices, supported by modern resources, inspirational teaching and purpose-built facilities. Our vocational qualifications involve studying both the theory and practical elements of a subject. This allows you to develop real occupational knowledge and progress into your chosen industry.

#### 2. Tutorial

The purpose of tutorials is to support students to develop personally so they can demonstrate the appropriate attitudes and behaviours required within different contexts, such as learning or work environments.

The College is keen for students to build confidence in themselves as a person as well as a student. So there will be an opportunity for you to set individual targets that are specific to your learning needs. As well as focusing on your academic development, tutorials cover a wide range of topics such as inclusion, British Values, Prevent, mental health, growth mind-set, resilience etc.

Your tutorial is an important part of your course and attending tutorials will help you to be better prepared for life during and after College.

#### 3. Independent Study

This is an opportunity for self directed study, when you can work on your assignments. You can also have further discussions and guidance on tutorial topics. Students can make the most of this time and learn key research and independent study skills.

#### 4. Careers, Coaching & Progression

We want to make sure you are well prepared for your career, so this programme will support you in making impartial, informed career decisions. It will help you identify experiences where you can develop as an individual whether that be the world of work or further onward progression to University or Higher Apprenticeships.

We will help you practice and develop all the skills and experience needed such as; writing a CV, preparing a Personal Statement and applying to University, preparing for an interview, knowing how to behave appropriately in the workplace, understanding the hidden job market, knowing your rights and responsibilities in the workplace as well as leadership and teamwork skills.

We use up to date Labour Market Information and work with the Local Enterprise Partnership to ensure that we are providing a bespoke programme tailored to the local and national job market.

#### 5. Work Experience and Industry Placements supported by #WorkZone

The expectation for all our Level 3 students is to complete a 45 day (315 hrs) industry placement taking place 1 day a week or more outside your programme hours across the academic year.

For our Level 2 students, a 5 day (36 hrs) work experience. This will take place over 5 weeks, 1 day a week outside your college hours. These placements need to be meaningful and relevant to you and your career aspirations.

Our Level 1 students are to complete a 5 day (36 hrs) employability project, to be completed 1 day a week across a five week period outside your main course hours. Foundation and ESOL students will be supported to complete a 36 hr work experience.

The #WorkZone team can help you find somewhere suitable and support you through the process. If you are eligible for support for expenses such as travel and subsistence, you will continue to receive it.

#### The benefits of doing a placement/ work experience

- You will improve your ability to secure a job.
- It is likely to result in further opportunities like paid employment and apprenticeships.
- You will develop your knowledge and skills relevant to your course and future career as well as the very important wider employability skills which are an essential addition on your CV.
- You will gain greater understanding of what it is like to work in your chosen industry.
- Arrangements will be put in place to support you with Special Education Needs (SEN) or Learning Disabilities or Difficulties (LDD), should you require it.

#### 6. English & Maths

It is easy to forget that Maths and English Language are in everything we do, and it is now a government requirement to work towards qualifications in Maths and English before you leave education at the age of 18.

However, having a good understanding of the English language is so much more than achieving a qualification. It impacts our daily life, our ability to communicate and can even affect our chances of progressing onto university or getting our dream job.

In order to ensure that you further develop your skills in English and Maths, you will continue to study these subjects as part of your study programme.

- If you have obtained a GCSE grade 4-9/A-C in English and Maths, you will be timetabled to complete digital skills. This will include essential skills relevant to your chosen course.
- If you have a GCSE grade 3/D or a Level 2 Functional Skills, you will be enrolled onto GCSE English and Maths.
- If you have a Level 1 Functional Skills in English or Maths, or GCSEs below a grade 3/D you will be individually assessed to ensure you are placed on the correct qualification. For vocational Level 1 courses students tend to complete Functional Skills and at vocational Levels 2 and 3 students tend to complete GCSE. However, where is this is not the most appropriate pathway for students then a Functional Skills pathway will be available for these students.

\*All students are individually assessed to ensure that they are placed on the most appropriate course.

#### 7. Digital Skills

The development of digital skills is part of the study programme for students who have successfully completed Maths and English GCSE.

The aim of the programme is to help you develop your industry related digital skills, ready for the workplace. Students develop skills in using industry standard software, and can go on to achieve recognised certifications from Microsoft or Adobe.

## **PART-TIME & HIGHER EDUCATION COURSES**

If you are thinking about studying at a higher level or even just interested in a new hobby, then anything is possible with a course at Buckinghamshire College Group.

Deciding to take on a Higher Education course is a big decision. We can help you understand why studying a university-level programme at Buckinghamshire College Group will help you achieve your ambition.

There are so many benefits to studying locally, such as being able to work in your spare time and living at home. All of this means our courses are a cost effective alternative to University.

We have a wide range of part-time courses exclusively for those aged 19 and over, offered at our three campuses. Options include Counselling, Hair & Beauty, English, Maths, Art & Design and Accountancy with many courses starting throughout the year.

#### Advanced Learner Loan

Advanced Learner Loans are to help adult learners 19 years or over to manage the costs of further education and training. These loans cover tuition fees for a range of Level 3 to Level 6 courses. The amount of money you can borrow depends on your course.

The Student Loans Company pay your loan directly to the College throughout your study. Getting a loan does not depend on your income and is not subject to credit checks but there are certain criteria you must meet to be eligible for an Advanced Learner Loan.

# To find out more, visit **buckscollegegroup.ac.uk/fees**

#### **Our Partnerships**

It is important for industry and educators to work together to ensure that learners are given the most relevant and necessary skill-sets to help them become as employable as possible.

So as a leading educational institution, we are committed to raising the standard of teaching and learning in Buckinghamshire by working with many businesses, charities and other learning providers to bring you the best possible educational resources and experiences.

Our partners help us to provide things such as industry recognised qualifications, learning technology, workshops, guest speakers, work experience and career opportunities. The examples above are just a few of the partnerships we have with key stakeholders in your future.

## **APPRENTICESHIPS**

0 (Ø)

Wherever you see your future, you are sure to find an apprenticeship programme at Buckinghamshire College Group that will inspire you.

We are the largest provider of apprenticeship training in Buckinghamshire, with apprenticeships available in a wide range of subjects including Hairdressing, Business Administration, Plumbing, Childcare and many more.

# So you go to work, get paid and do a qualification at the same time

You'll spend a minimum of a year completing your apprenticeship depending on the level and occupation. As an apprentice, you'll work at least 30 hours a week so there's every chance to work alongside and learn from more experienced colleagues.

#### So how much will you be paid?

You're entitled to the relevant apprenticeship national minimum wage. The minimum wage for apprentices is £3.90 per hour (as of April 2018), but many employers pay more than this. This is dependent on the sector, region, age and apprenticeship level. For example, some higher apprentices can be payed as much as  $\pm 300 - \pm 500$  per week.

#### Being at work

Your employer has an essential part to play in developing and delivering your apprenticeship programme. You'll receive on the job training relevant to your apprenticeship programme. You will also be supported by us to complete your apprenticeship qualification.

This is very different to school. It's a great opportunity to sample new experiences and develop new skills

# What kinds of apprenticeships are available?

There are hundreds of different types of apprenticeships available covering a wide range of occupation areas. Usually the level you start at depends on your existing levels of qualifications and your work experience.

# To start an apprenticeship, you'll need to be:

- 16 or over
- Living in England
- Not in full-time education

#### To apply you can:

- Contact us directly
- Check out apprenticeships on-line, where you can find a whole range of apprenticeship opportunities
- You can attend one of our open events check the website for details.

0 (\$)

#### The Facts

- An apprenticeship is a work-based training programme which includes on and off the job training which can be both formal and informal. There is an End Point Assessment which confirms your knowledge, skills and behaviour.
- Apprenticeships are real jobs and apprentices must be employed for at least 30 hours per week.
- Most apprenticeships will contain nationally recognised qualifications which are relevant to the job role.
- An apprenticeship can last for 1 4 years, depending on the subject area, and/or level.

- Apprenticeships can support people of all ages, as well as an existing workforce to develop skills and support a career in a new occupation or job role.
- An apprentice spends at least 20% of their time completing off the job training.
- The perception is that apprenticeships are often focused on young people aged 16-18. However, they can be used to support people of all ages, as well as an existing workforce to develop skills and support a career in a new occupation or job role.

# CLASSROOM

WORKPLACE

You'll spend 80% of your time in the classroom and 20% on a 45-day placement to equip you with the knowledge and skills companies are looking for.

Your T Level will help you to step straight into your chosen career, an apprenticeship or a degree.

Wherever your future is heading, take it to the next level.

We will be offering T Level in Digital, Education & Childcare and Health & Science from September 2021.

For more information,
visit gov.uk/dfe/t-levels

Education & Skills Funding Agency

## T LEVELS

T Levels are a brand new qualification designed to give you a head start towards the future you want. The 2-year T Level qualification brings classroom and work placement together on a course designed with employers and businesses.

They follow GCSEs and are equivalent to 3 A Levels. You'll spend 80% of your time in the classroom and 20% on a 45-day placement to give you the skills and knowledge employers are looking for.

Your T Level will help you to step straight into your chosen career, an apprenticeship or a degree. Wherever your future is heading, take it to the next level. Starting from September 2021 we will be offering T Level qualifications in:

- Digital
- Education & Childcare
- Health & Science

#### When do T Levels begin?

T Levels will begin at Bucks College Group in September 2021. Applications at Bucks College Group will open in November 2020.

#### How long does a T Level take?

Two years of full-time study or 3 years if you complete a transition programme.

#### What subjects can I study?

Digital, Education & Childcare and Health & Science will be available from September 2021 at Bucks College Group. In the coming years more subjects will be available. Find out more at gov.uk/dfe/t-levels

#### Where can I study T Levels in my area?

You won't find T Levels in Schools, they are exclusive to Colleges. Bucks College Group will be amongst the first places to offer T Levels in 2021 in Digital, Education & Childcare and Health & Science in the local area.

#### How long is the industry placement?

An industry placement lasts around 45 days, undertaken as a block or as individual days. The specific length of the placement and when it will take place will differ depending on your T Level.

#### Is this the right path for me?

T Levels are ideal if you have completed your GCSEs and want to get the knowledge and experience needed to get a skilled job.

#### Can I go to University after a T Level?

Yes, you can. T Levels get you work ready, but you can continue studying with a higher apprenticeship or degree.

#### Will they be recognised by employers?

T Levels are designed with businesses and employers, to make sure you have the skills and knowledge they are looking for in an employee.

# Why would I choose an unpaid T Level over a paid Apprenticeship?

T Levels are ideal if you have completed your GCSEs and want to get the knowledge and experience needed to get a skilled job.

Apprenticeships are paid, work-based training for those who know what occupation they want to pursue.

# Will there be any support for transport costs?

Bucks College Group has designated funding to support industry placements which can be used to support you with your travel costs.

## WHICH LEVEL TO CHOOSE?

# FULL-TIME COURSES START FROM

# **ENTRY LEVEL 1-3**

Entry level qualifications can help you build skills and boost your confidence. No qualifications are required.

# PART-TIME COURSES START FROM

**T LEVELS** 

AS3 A-LEVELS

HIGHER

STARTS FROM

**EDUCATION** 

THE SAME UCAS POINTS

# LEVEL (

Precursor to GCSEs. Ideal if you need to improve your English, Maths or IT. No prior qualifications are required.

# APPRENTICESHIPS START FROM

# LEVEL 2

Equivalent to GCSEs. This is the minimum requirement for many employers. Some experience or qualifications may be required.

LEVEL 3

Equivalent to three A-Levels. Essential for progressing on to University. 4 GCSE's grades 9-4 are required.

LEVEL 4-7

Degree level courses. Minimum Level 3 or A-Levels required to study.

2

# What is a course level and how do you choose the correct level for you?

Whether you have just left school, taken a break from learning and now want to gain qualifications for the world of work, are looking to study at the next level or go to University, we can help you find the right course and level for you.

The level structure groups qualifications together to provide a consistent way of assessing each level of achievement. For example, a Level 3 Extended Diploma is the equivalent of 3 A-Levels.

At Buckinghamshire College Group, we offer courses of all levels, for all abilities. Our levels range from 1-5, but do not worry, if you do not have a Level 1 qualification we can still help. We also offer pre-entry and entry level courses, and on completion of these you can go on to study at Level 1. There are a range of different qualification types; this is the qualification you receive on completion of your course. These are set to a National Standard to ensure that different qualifications at the same level expect a similar standard of work. Many of you may already have GCSEs, so by gaining more qualifications, you open up a world of opportunities for your future career path!

#### What if I do not have GCSE qualifications but have previous work experience or other qualifications?

You can still apply if you are a mature student and have work experience in the area you wish to study or other qualifications – these may gain you additional credit and will be considered in your application to our courses.

E2 = Entry Level 2	WY = Wycombe Campus	APP = Apprenticeship
E3 = Entry Level 3	OS = Offsite	OL = Online Learning

## **STUDENT SUPPORT**

#### **Financial Support**

We understand that some prospective students may be worried about the costs relating to coming to College. We would like to reassure you that there is a range of financial support options available for students of all ages as part of the College Support Scheme (CSS).

The College Support Scheme is available to give financial assistance with costs associated with a course such as uniform, kit, books, DBS check, trips and transport as well as supporting you with Free College Meals, if you are eligible.

#### **Student Welfare**

All aspects of Student Welfare are managed by our Student Services department. Based at the heart of each campus, our Student Services team work tirelessly to provide advice, safety and reassurance to our students.

Student Services can advise and assist you with financial problems, home troubles, accommodation or issues relating to your course, as well as providing one-to-one mentoring and general advice and guidance.

#### Learning Support

Learning Support is a service for students who might need some extra help while studying with us. We can provide additional support for you if you have a learning difficulty, disability, medical condition, literacy, numeracy or language need. It is available to all students subject to assessment and agreement of need and resources.

#### Learning Technology

As a student, the Learning Technology Team will provide you with access to a cutting-edge Virtual Learning Environment which acts as a portal to all your College digital services.

All students have an E-ILP, a digital area where you can monitor your progress, set ambitious targets, track attendance and more. This can be shared with parents or carers too via our Parent Portal.

You will have access to PCs, Macs, Chromebooks and iPads to assist with your studies, along with free WiFi if you wish to bring your own devices.

#### **College Transport**

Having difficulty figuring out how you are going to get to College? We make it straightforward travelling to and from our campuses, with our own fleet of buses as well as close links with local Buckinghamshire Transport networks.

All three campuses benefit from car parks where our students can park with a permit. Permits are available from our online store.

If you choose to use our bus services, you will need to purchase tickets in advance of your journey. Tickets are available from the campus reception.

#### Any questions?

Meet our wonderful transport team at an upcoming Open Day event or visit www.buckscollegegroup. ac.uk/transport

#### DON'T FORGET TO BECOME A COURSE REP!

When you begin your journey with us, you will have the opportunity to get involved in College life and have your say by joining the Bucks College Group Student Union. Speak with Student Services or visit our website to find out more.

### HOW TO APPLY

#### Make your application

Applying is easy - everything is online which means that you can make your application quickly and simply - and we receive it straight away. If you do get stuck or have any questions, our Admissions team is here to help, so if you are ready to apply – here is how to do it.

Once you have found the course that is right for you, go to the course page on our website and click the 'Apply Now' button at the top of the page. This will take you to our online application system.

You will need your basic contact information (including an email address), your parent or carer's details (emergency contact information if you are over 19 years old) and you'll need to answer a couple of very quick questions about your learning needs.

It is important that you take your time and complete the form fully.

#### Attend an Open Event

Our Open Events are the perfect way to find out what the College offers, meet our tutors and see our facilities. We have events scheduled throughout the year, but places fill up fast. For our latest events and to book a place, please visit our website.

#### Arranging your interview

Once you submit your application you will receive an email confirming we have received it. Then our Admissions team will call you on the phone number you have provided to arrange an interview. If we miss you then we will leave a message – please call us back.

We will arrange a time for an interview that suits you and then we will send you an email to confirm the date and time - so keep an eye on your inbox.

#### The interview

Our interviews are informal – you will speak with one of our tutors about your experience and why you want to do the course you have chosen. For some courses, you may be asked to attend an audition, show us a portfolio or take part in a workshop as part of the application process. Whereas some courses will simply be a one-to-one chat with the course tutor. Whatever the format of your interview, we will be sure to let you know in advance!

At the end of the interview the tutor will tell you the outcome. Usually this will be either:

- An offer for the course which might be conditional on you achieving certain exam grades.
- A reason why the tutor does not think that the course is right for you – with suggestions of alternative courses. The tutor may tell you that they are referring you back to our Admissions team for further discussion with them. In this case we will contact you.

If the tutor has given you an offer for the course, then you will receive an email confirming this. Again if this doesn't happen then please contact our Admissions Team.

#### **Next Steps**

Once you have received your offer then you are all set! We run information evenings in the Summer for Students and their parents and you will be invited to attend a session run by your department. There you will find out more about the course and when you will be enrolling. If you received a conditional offer, then you will be advised of the conditions and told how to fulfil them.

If you ever have any questions or you are not sure of the next step in the process, then please just get in touch with our Admissions Team.

Get your application in now, visit **buckscollegegroup.ac.uk**
